Progress of everyone since last meeting and planning :

- Anwar : Meeting with RANA, in order to know in which direction to go

- Patricia, Geoffroy: Working with CVUI, understanding the process in order for the ui to work. Getting Windows Form and OpenCV to work together and thinking about using CvUI for image processing UI.

- Geoffroy : Working on the structure of the report

- Suleyman : CUDA improvement being stopped by Cmake configuration.

The deadline for the completion of the different codes will be : **TUESDAY 8 APRIL**
